Part 2: On the dirt road

7. Soon after beginning to drive on the dirt road, another small dirt road goes off to the left at a white house. Do not take that left. Keep right here.
Then a road goes off to the right. Do not take that. Stay on the “main” dirt road.
8. Then you pass a small bridge. After that bridge, take a right.
9. Then continue on for a long time, more than 3 km. It feels like a long time, because you can't drive very fast on this road. Don't give up and don't despair. Give us a call if you're in doubt at (+351) 917 260 529.
10. So, keep going until on your right, there is a nice wooden fence around a pasture with some new trees on it. Follow the fence curving around the pasture to your right, don't go straight or left.
11. After a few hundred meters, you arrive at our paddocks and riding arena.
12. If we're not there, we might be at the house. To find that, continue along the pastures and turn left on the third road after the paddocks. There's a red sign pointing up to the house. Drive up the hill until you see the house on your right.
